

NATIONAL EDUCATION FRAMEWORK

Contract managed by
Dukefield Procurement
Part of the Dukefield Group

For the provision of Communications Solutions
REF: CPC/DU/TELE/02

FRAMEWORK AT A GLANCE

The framework provides a full suite of communications supplies, service and solutions across the five lots, with four solution specific and one national one-stop-shop lot. The framework has been designed with education providers in mind but can be accessed by any organisation in the public sector.

THE BENEFITS OF USING THE FRAMEWORK

- Full compliance with the UK Public Contracts Regulations (PCR 2015)
- Dedicated framework Help Desk support and advice
- Time saving and easy to use
- Broad scope of services
- Pre-agreed terms and conditions
- Wide choice of providers
- Choice of Procurement Options

LOTS AVAILABLE

The first four lots focus upon key individual areas of the communications market:

- **Lot 1 Unified Communications and Telephony**
- **Lot 2 Network Connectivity**
- **Lot 3 Omni Channel / Multi-Media Communications**
- **Lot 4 Mobile Communications**

With the fifth lot providing a national one-stop-shop for all a customer's needs:

- **Lot 5 National Communications Solutions One Stop Shop**

FRAMEWORK OVERVIEW

Whether an organisation is looking for individual products or services e.g., mobile devices, or an integrated service combining multiple areas/channels, the new framework will provide a solution to meet their needs. The framework has been designed with education in mind, to support with the relevant challenges faced, including requirements for high-speed internet, new technology and ISDN switch off solutions, amongst other areas. Lot 5 offers great flexibility for members to work with a single supplier to develop their communications strategy.

For more information about the framework, please contact the Help Desk:
